TABLE No. XXIII.

SHOWING THE INCREASE OR DECREASE OF THE
POPULATION IN EACH THANNAH.

NOTE.—In this table all transfers of area and population made from one thannah or district to another since 1872 have been taken into account as far as they are known, and the figures given for the census of 1872 are the corrected figures for the areas to which they refer.

On other tables, there should be added to them the figures for the Chittagong Hill Tracts

NOTE.—To make these totals tally with the totals for males in other tables, there should be added to them the figures for the Chittagong Hill Tracts and Hill Tipperah, where details of occupations were not asked for, viz. village 102,197, boats 5,707. Total 108,904.
The total for towns exceeds the similar total in Table No. I, by 2,002, this being the number of Boat population and Railway passengers in the Suburbs of Calcutta, there shown separately, but here shown under towns. And the total for boats is less than the similar total in Table No. XII by 10,197, because this figure represents the Boat population in Calcutta, which was not shown separately in Table No. XII, but included under the Town population.

			Grand Total for all occupations . . .		1,728,966	33,071,369	20,957	748	34,822,040

NOTE.—To make these totals tally with the totals for females in other tables, there should be added to them the figures for the Chittagong Hill Tracts and Hill Tipperah, where details of occupations were not asked for, viz. village 89,021, boats 139—total 89,230.
The total for towns exceeds the similar total in Table No. I by 96, this being the number of Boat population and Railway passengers in the Suburbs of Calcutta, there shown separately, but here shown under towns. And the total for towns is less than the similar total in Table No. XII by 163, because this figure represents the Boat population in Calcutta, which was not shown separately in Table No. XII, but included under the Town population.
